### ABOUT ACE WOMEN'S NETWORK

Stetson University is a proud member of the ACE Women's Network of Florida. As such, we are hosting an on campus open meeting for faculty and staff women in our community who have a professional goal to serve in executive level roles in higher education. At this session, we will share more about the Network and collect information on the goals and needs of the attendees.

The ACE Women's Network is a national system of networks within each state with the goal of advancing and supporting women in pursuing higher education leadership. ACE aims to develop programs that identify, develop, encourage, advance, link and support (IDEALS) women in higher education careers.
